

## SPECIFICATION SHEET

PRODUCT TYPE: **Broad acre wetting agent**

Product Name:

WSD Wetter 1000.

Active Constituent:

Athoxylated Akyphenol 100% (1000 g/L).

Solution Type:

Clear liquid.

Purpose Product is Registered for:

This product is for use with broadacre herbicides.

Effective Against:

Wetter 1000 will help the uptake of herbicides on leafs of the target plants.

Dosage Chart:

Refer to label below.

Advice on use:

The product is harmful to aquatic life. Do not release into dams and waterways. Always use this product when applying water based herbicides as it will improve efficacy considerably.

Registration Status:

Registered with APVMA.

Sizes:

5L, 20L

Back Label:

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
<b>General Herbicide Sprays</b>		Only apply when a surfactant/wetting agent is recommended by the manufacturer or the herbicide label.
High Volume Power Sprays	10mL / 100L	
Low Volume Boom Sprays	40mL / 100L	
Mixing Machines	5mL / 5L	
Knapsack All States	2mL / 5L	
<b>Contact Herbicides</b>		Contact herbicides (e.g. Paraquat formulations) require high rates of WSD Wetter 1000 to ensure thorough coverage of weeds to be sprayed. This is particularly important for treating grasses and tall dense vegetation.
High Volume Power Sprays	120mL / 100L	
Low Volume Boom Sprays	120mL / 100L	
<b>Soil Residual Herbicides</b>	100 to 400mL/100L	When applied with soil residual herbicides to standing weeds, add WSD Wetter 1000 to thoroughly wet foliage. Consult individual product label recommendations.
<b>Fire Fighting Water Tanker Knapsack</b>	5mL/100L 1mL/15L	For use in fire fighting situations to increase wetting power of water.

**NOT TO BE USED FOR ANY OTHER PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION**

**GENERAL INSTRUCTIONS**  
This product is a spray additive for use with most herbicides as recommended on individual product labels. It increases herbicide activity by producing better wetting absorption and spray coverage. For active herbicides the product should be applied to the point where leaves and stems are wet. Avoid causing excessive run-off. When treating hairy or waxy leaved plants, the addition of WSD Wetter 1000 at higher rates will increase herbicide activity.

**MIXING INSTRUCTIONS**  
Half fill the spray tank with water. With the agitation system engaged, add the required amount of the herbicide, followed by the required amount of WSD Wetter 1000 and finally top up with the remainder of the water.

**PROTECTION OF LIVESTOCK, FISH, CRUSTACEA AND ENVIRONMENT**  
Toxic to fish. DO NOT contaminate streams, rivers, or waterways with the chemical or used containers.

**STORAGE AND DISPOSAL**  
Store in the closed original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of unwanted chemicals on site. If recycling, replace cap and return clean container to recycler or designated collection point. If not recycling, break crush or puncture, and bury empty containers in a local authority landfill. If no landfill is available, bury the container below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

**SAFETY DIRECTIONS**  
Avoid all skin and eye contact. Wear rubber/PVC gloves, goggles and overalls.

**FIRST AID**  
If poisoning occurs, contact doctor or Poisons Information Centre - Phone 13 11 26. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, open and flood with water for at least 15 minutes and see a doctor. Additional information is listed in the Material Safety Data Sheet (MSDS)

**CONDITIONS OF SALE**  
As the use and application of WSD Wetter 1000 is beyond the control of the manufacturer, no warranty, expressed or implied is given by Western Stock Distributors regarding its suitability or efficacy for any purpose, nor can Western Stock Distributors accept any responsibility for any consequences whatsoever resulting from the use of this product, save for those non-excludable conditions implied by the TRADE.
